Hi everyone,
I thought you might enjoy a few stats below relating to our extraordinarily high-water levels in Lake Ontario (from the U.S. Army Corps of Engineers):

- . Difference from long-term average water level for June: +33 inches
- . Difference in water level from June 2017: +3 inches
- . Year of lowest recorded June water levels: 1935
- . Difference between current water level and June 1935: 67 inches
- . Projected change in water level for July: - 7 inches

In other news, the minutes and correspondence of the Club are up to date.
Happy Canada Day!

Keith Whalen

Treasurer

“Winter Billing is Coming”.....I will get winter billing's out this week for all those who have stored last year. Those who are on the cusp will get there's after I have confirmed with the Yardmaster the changes for this year.

I will post June and July financials on the web after I generate the Winter billings.

Your Audit Committee want to get in there and start their work. I hope to have that started mid-July.

Robbi R. Is working on regalia...so help keep him busy...buy something!

Happy Canada Day!

Phil Dunk
House Director

Good day to all. Summer is finally arrived and along with it comes chores that need to be done at the club. For those of you who have signed up for Site Maintenance thank you. There are still more days open and it is becoming critical that they be filled.

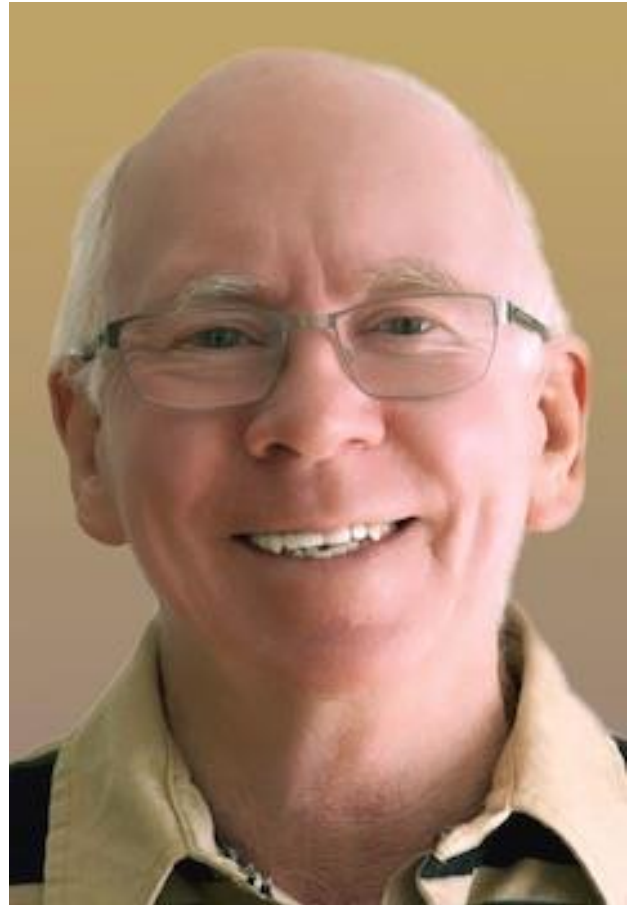

Trouble With Trash...This is very important. If you are on Site Maintenance please be very vigilant. We have two bins; one is for only recyclable materials. RECYCLABLE MATERIALS only. Today I found a propane tank in the bin. It should never have been in there or in any of the bins on site. Please, please be careful with the garbage.

Washroom Reno: until later in the season there will be little action in this area.

Best Regards

Phil Dunk

House Director

Alison Honey Woods

Social Director

Thank you to everyone who volunteered to help make Sail Past the great success that it was! It was a beautiful evening for a party with great food and music - and we raised almost \$300 for the Broad Reach Foundation.

Please do not forget to email me with your hours so I can log them. If you have not yet paid for your Commodore's Reception tickets please send an e-transfer to treasurer@ayc.ca or drop a check off at the clubhouse.

The next event is Saturday, August 10th - AYC Hot Summer Nights. Stay tuned for details - and if you would like to volunteer get in touch - social@ayc.ca

Happy Canada Day!

Gareth Clemo

Fleet Captain

The racing season is going well and it hard to believe that it's July 1st. We have one more race in our Spring Thursday night race series. If you haven't been out racing this year, it's never too late to start. Join us on the water or for the post-race BBQ. Everyone is welcome. If you haven't been out because you're having a problem getting crew, contact me and I can probably help you out. Anyone looking for a ride for a race can come before 5:30 on Thursdays and I should be able to find them a boat to crew on.

I'm also interested if anyone would like to an introduction to racing in-house course. Please respond to me at fleetcaptain@ayc.ca if you would like me to arrange.

In Other News

I had seen this article years ago, and someone shared it with me again today. It's a quick read, and worthwhile -- this info might save a life

<https://www.soundingonline.com/voic...-like-drowning>

I had a good response to the CPR/AED introduction sessions. Members are still thanking me for them. If more members are interested, they should email me and I will organize another Training.

Thank you - Robi Roncarelli
