

Reminder to the Membership: Yard Clean-Up

Hello fellow AYCers:

This is a quick reminder that this coming Saturday is Yard Clean-Up from 9:00 – 1:00. It is now two years since we've had a proper YC because of the pandemic restrictions, and it is surprising how much our facilities missed it. I used to think of these sessions as including an element of make work, but now that they have been unavailable to us for an extended period, I no longer think that: these sessions are an essential component in the operations of our club.

So, come one, come all – there's weeds to pull, dock cubes to replace, a clubhouse to scrub and polish, and dozens of jobs in between. Rear Commodore Geoff Gurr will run a team on the docks, House Director Phil Dunk will run a team for the club house and BBQ area, and Vice Commodore Bjarne Pedersen and I will run various teams in the yard and out front. Bring your work gloves and any tools that you anticipate you will need, and lots of elbow grease. See you then!

Cheers -----> Nick

Nick Pitt, Commodore
